

MRS. KABER SOUGHT ADVICE OF SPIRITS, WITNESS TESTIFIES

Mrs. Wade Tells of Accused's
Expressed Desire to "Rid
Herself of Dan."

CLEVELAND, July 7.—Mysteries of the spirit world were discussed to-day in the trial of Mrs. Eva Catherine Kaber, charged with the murder of her husband, Daniel F. Kaber.

Mrs. Mary J. Wade, who claims to be a medium capable of communicating with spirits, told on the witness stand of visits by Mrs. Kaber to her home to seek advice.

"I want you to try to get rid of Dan Kaber for me," Mrs. Wade said Mrs. Kaber told her on the last visit. "How?" Mrs. Wade said she asked Mrs. Kaber.

"I want you to kill him—any way to get rid of him. The man I love has no money, only brains, and Mr. Kaber has fifty thousand dollars life insurance," Mrs. Kaber was alleged to have replied.

Mrs. Wade previously had told of a visit by Mrs. Kaber to her home, when she had met a professor of an Eastern college where her daughter, Marian McArdle, was in school and that she loved him.

On cross-examination by Attorney William J. Corrigan, Mrs. Wade said she had been able to communicate with spirits ever since her birth.

"Can you get into communication with the spirit world now?" Corrigan asked.

"Yes, sir."

"Go ahead."

The jury and spectators were all set for a seance, but the court sustained an objection interposed by

NEW TREATMENT CURES SUNBURN WITH SUNLIGHT

Based on Theory That Burns Are
Infected Wounds, and Said
to Be Successful.

On the theory that like cures like, physicians at the Broad Street Hospital, treating the more serious cases of week-end sunburn, are securing excellent results through the use of equivalent sunlight. According to the superintendent, Dr. A. J. Barker Savage, the properties of sunlight, turned by science from injury to therapy, are reproduced in the rays of the Alpine lamp, which throws off ultra-violet rays that destroy bacteria and heal the injured tissue.

Patients at the hospital are given a brief exposure to this lamp, being blindfolded in cases of burns in the face. The procedure, declares Dr. Savage, is based on a new conception of burns, which regards them as infected wounds caused by heat. Burns of all kinds are said to be yielding to the sunlight treatment.

County Prosecutor C. Stanton, Mrs. Wade then told briefly how she communicated with spirits. On one visit Mrs. Wade said Mrs. Kaber was accompanied by her spirit friends.

Mr. Corrigan asked if they were "good spirits." She said they were. Mrs. Wade said Mrs. Kaber came to her the first time to get her to intercede with her first husband, Mr. McArdle, to send money to Marian McArdle to pay her way in school.

Mrs. Bertha Mielke, grandmother of Patricia, the little girl adopted by Mrs. Kaber, testified the latter had told her she "hated Dan Kaber and was going to get rid of him within the next six months in some manner or other."

Appellate Division Rules They Are

Rooming houses do not come under the provisions of the new rent laws, according to a decision of the Appellate Division of the Supreme Court in Brooklyn to-day.

The court, reversing a recent decision of Municipal Justice Peterbrooke in Brooklyn, held that rooming houses are commercial propositions, and not dwellings within the meaning of the rent laws.

DUMB FOR A YEAR, AIR RIDE BRINGS BACK HIS SPEECH

Sharp Loops and Dives Made Him
Ill, but He Was Able
to Talk.

INDIAN HEAD, Pa., July 7.—A case parallel to that of the American soldier who regained his speech during an airplane flight has been brought to light here.

Over a year ago Wilfred Warner, a young farmer, was kicked in the head by a horse, and he had been unable to speak until the other day, at a picnic he took an airplane ride. As a result of sharp loops and dives he was ill when he landed, but was able to talk.

Corps aviator, began to-day presentation of his case to the Senate committee investigating his court martial and dismissal from service as a result of his story of participation in a thrilling air battle on the western front in July, 1918.

Capt. Chamberlain told his story to the committee behind closed doors. Chamberlain, remaining firm in his decision to conduct the inquiry in executive session until "matters affecting the navy" were determined.

GREAT HEAT IN WEST; NO RELIEF IN SIGHT.

Chicago's Mortality List Doubled—
Corn's Wonderful Growth.

CHICAGO, July 7.—Much of the Middle West is still in the grip of a record-breaking heat wave, with no relief in sight. The thermometer registered 82 early this morning and was steadily rising after a sweltering night when thousands sought the beaches and parks. There were five deaths and dozens of prostrations in Chicago yesterday, while

DOGS BITE LITTLE GIRL, WOMAN AND POLICEMAN.

Child Is Taken to Hospital in Severe
Condition.

Health officers asserted the city's mortality rate had been doubled. One large foundry concern laid off 1,000 men. Des Moines, Ia., for thirty days shows a maximum daily temperature averaging above 91 degrees. Corn has been growing one inch every twenty-four hours for the last two weeks in Iowa.

Humboldt Street, Brooklyn, to-day was severely bitten on the back and right leg by two bulldogs at the home of Mrs. Madeline Mato, No. 182 Withers Street, where she was visiting. As the girl ran out of the house to play in the yard the two dogs leaped off the porch and pursued her. She was knocked down, and her cries brought Mrs. Mato and Patrolman David Foster.

Mrs. Mato tried to pull the dogs away, but they turned on her. She fled. They then attacked Foster, one biting into his shoe and the other his leg. Foster shot the dogs. The girl was taken to Greenpoint Hospital, where it was said her condition is serious.

Miss Mary Farley, living at No. 331 East 17th street, Brooklyn, either fell or jumped from the roof of the five-story apartment house at No. 3010 Valentine Avenue this morning. She struck an extension in the rear, then dropped to the yard.

She was taken to Fordham Hospital suffering from lacerations and contusions, but is expected to recover. Her sister Julia said she had been ill for some time. She is forty years old.
